

LOURDES MARQUEZ

Lourdes Marquez's journey in property management epitomizes dedication and upward mobility. Beginning her career in 1990, Lourdes joined Summit Hills as a temporary custodial team member. Within just a year, she showcased her versatility by taking on varied roles: first as a courtesy officer and later as an administrative assistant to the Leasing team. Her path soon led her to serve as a leasing professional across several communities, including Summit Hills, Powder Mill Village and Nob Hill.

By 1994, Lourdes's prowess earned her a promotion to building manager at Summit Hills and in 1996, she was promoted to the roles of assistant property manager and leasing manager. Demonstrating her dedication to continuous learning, Lourdes obtained her M3 certification and briefly served as the assistant service manager.

And finally, in 1998, Lourdes's leadership abilities found a new avenue when she became the property manager at University Gardens. By 2022, Lourdes' remarkable journey led her to her role today – property manager at Powder Mill Village. In true Southern fashion, Lourdes has proven that anything is possible when you put your mind to it, and we couldn't be prouder to call Lourdes one of our own.
